## INTERNATIONAL LEARNING & EMPLOYABILITY

ESTYA is an innovative higher education institution with a global academic campus in Paris, and campus in Montpellier (South of France), Dubai, London and Tunisia.

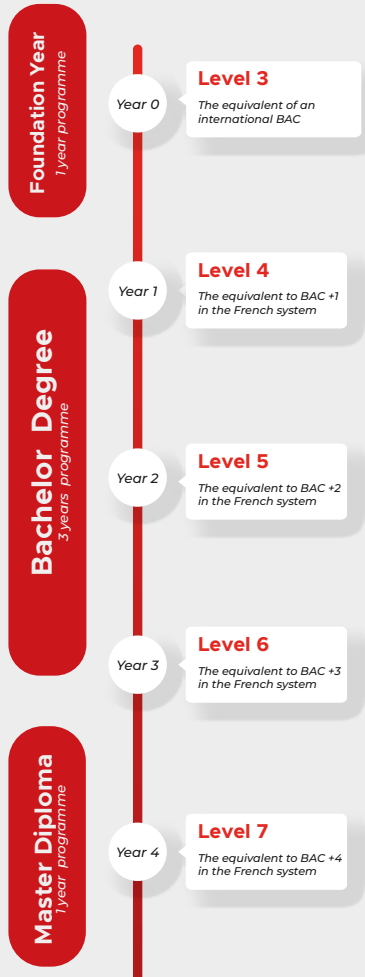

ESTYA takes pride in accelerating students' learning, professional skills and international mobility in a wide range of fields. With a global focus, we offer our students a unique opportunity to obtain quality education while boosting their career, professional development, and employability.

We pride ourselves in providing innovative learning and teaching solutions, with synergies between our students' ambition to be highly skilled and employers who are in need of 21st century skilled workforce.

We offer a wide range of undergraduate and postgraduate programmes in a variety of disciplines. Our reputation has been built on sustained success in developing well designed programmes with an immediate practical advantage that support our students' career and professional development.

# The British Education System

# BUSINESS MANAGEMENT

## > **Foundation Year ( 1 Year )** International Foundation Diploma

This programme is a one-year pre-university qualification which includes a significant degree of English language teaching.

The qualification is designed to provide an entry route to UK and international university courses or progression onto Diplomas in Business and Business IT.

## > **Level 4** Business Management

This programme is designed to ensure each learner is 'business ready': a confident, independent thinker with a detailed knowledge of business and management and equipped with the skills to adapt rapidly to change. The content of the qualification is focused on:

- managing business communication
- understanding the business environment and organisations in a global context
- business functions including people management
- quantitative methods in business
- finance for managers
- research and academic writing

## > **Level 7 ( 1 Year )** Project Management

This programme is designed to meet the needs of senior managers responsible for projects and provide a comprehensive understanding of the fundamental topics needed to manage business projects within a complex and everchanging environment.

# INFORMATION TECHNOLOGY

## > **Foundation Year (1 Year)** International Foundation Diploma

This programme is a one-year pre-university qualification which includes a significant degree of English language teaching. The qualification is designed to provide an entry route to UK and international university courses or progression onto Diplomas in Computing.

## > **Level 4** Information Technology

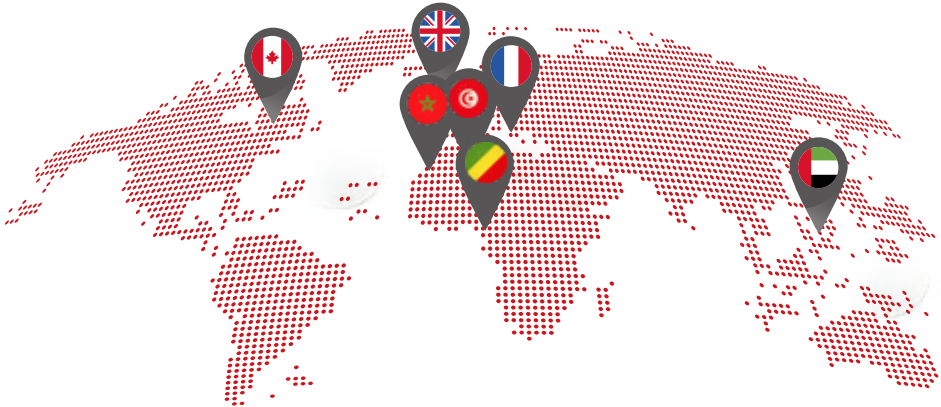

This programme is designed to ensure that each learner is 'business ready': a confident, independent thinker with a detailed knowledge of Information Technology, and equipped with the skills to adapt rapidly to change.
